

Professional Reference Letter

To Whom It May Concern,

I am writing to provide a professional reference for **Smit Dhimar**, with whom I had the opportunity to work closely on a project at **devx commerce**. During our time working together, Smit contributed to the **Personalizer feature** of the **Cello project**, where we primarily worked with technologies such as **AWS, Terraform, and React**.

Smit showed a strong understanding of technical concepts and was quick to grasp the workflow of the project. He was proactive in learning new tools, asked the right questions, and consistently delivered his tasks responsibly. His enthusiasm for problem-solving and his willingness to collaborate effectively made him a valuable part of the team.

I am confident that Smit will continue to grow and excel in his future roles. Please feel free to contact me if you require any further details about our work together.

Best regards,

Chirag Parmar
